NO. 40

A Very Entertaining Evening

RATEPAYERS DEMAND SETTLEMENT OF PIPE LINE DISPUTE.

Lecture Course Extraordinary Anniversary Supper

and Entertainment

Through the courtesy of the pastor of the Nidaros Lutheran Norwegian Church, our regular was held there last evening. The service included a short service at the church last Thursday evening to pay a concert provided by the Young People's Society. The program was entirely of local talent, both adults and children, and was largely musical. After a hearty welcome was extended by the pastor, Rev. F. A. T. Corneliusen, Eva Moffatt sang a solo, "Come stum's my poor old home," the concert of the program assisted, Kathleen Thompson on an instrumental duet which was warmly applauded. Rev. Corneliusen sang "The Plains of Peace" in English and responded to a hearty encore with a Swedish song.

Mrs. Corneliusen sang very acceptably a Norwegian folk-song and in addition to the singing the audience followed this with "Can You Forget Old Norway?" which stirred the emotions of the Scandinavian portion of the listeners. Mrs. (Dr.) Steeves, who so unselfishly places her talents at the disposal of every good cause, sang "Firelight Fades" and an encore, "Because You're You."

Five young ladies attired in the most becoming attire joined the program, sang in the Norwegian, some old familiar songs. The piano solo rendered by Miss Mabel Anderson in the first part of the program was most heartily enjoyed and responded to very graciously. The younger ones were not the least prominent features of entertainment as the audience was greatly gratified by their much enjoyed.

The President in her annual address, gave a review of the work in the province, and a glimpse of the movement from the standpoint of world wide aspect.

Careful study shows not the slightest indication of retrogression but a slow, steady, strengthening of the forces of righteousness, the ever growing and more numerous wealth, which makes itself felt in the political life, but the real danger lies, not here, but in the apathy of Christian men and women, who ought to be interested. In spite of this it is an undisputable fact, that the tide of temperance seems to be definitely rising.

The report from the different branches of work were most encouraging and showed that people were being aroused to see the necessity of earnest effort to rid this fair Dominion of the curse of intemperance.

As the number of children and those of either of their children could do. Miss Rice in a very pleasing manner sang "The Old Mill Stream," and Misses Corriveau and Bryan assisted in the program with "Lumber Watch, Ahoy!" and a humorous selection, Lucia Schoo of sang "Where the River Shames Flows" very nicely and also led eleven little ones in "The Sandman."

The assistance on the program of Mr. and Mrs. Corneliusen was very much enjoyed especially as their numbers were in the tongue familiar to a large portion of the audience.

Altogether it was an entertainment that reflects very much credit upon the Young People's Society and upon the pastor of the church who were responsible for giving the people who attended such a musical treat.

Better Than The Best

While it is generally admitted that The Family Herald and Weekly Star of Montreal, is the best family and farmer's weekly paper printed, the publishers are determined to make it still better. They are sparing no expense to produce a paper that will be bigger than ever. Their beautiful picture, "Mother's Treasures," is a delightful subject for the home and it is safe to say that no one who receives a copy would part with it for double the money.

No mistake can be made in sending one dollar for that great weekly paper for 1913. Every subscriber gets the picture, "Mother's Treasures," a 25 by 29 inches, free. It is the biggest dollars worth offered to-day.

Annual Meeting U. F. A.

The annual meeting of the United Farmers of Alberta will be held at Calgary, January 21, 22 and 23, 1913. Some 500 delegates are expected. The meeting will excite Dominion-wide interest, as what the farmers are learning to concentrate their energies more on one fight until they have won it. The meeting will be held over a dozen points as they have come in the past. The growing power of the U. F. A. as more and more farmers join in make the farmer look like the man behind the future of the west. The Homeestead supply served the town. To the

Public Sentiment Favors Re-Election of Mayor Holmes

SOME POINTED QUESTIONS ASKED COUNCILLORS

A very representative meeting of the citizens was held Monday evening at the Council Chambers last Monday evening. The question of the work of the councillors and Mayor for the year ahead to close. Upon motion Harry Wood Duncanson was placed in the chair. The first report, that of the light, was given by Councillor Hutton. In brief this report for the 10 months of 1912 showed payments for coal, \$88,382.50; water, \$11,120.00; and financial and other of John McRae, \$30,111.40; oil, etc., \$265.80; insurance, \$174.22; brick, etc. (reps) to be held (brickworks), \$81.03; repairs to engine at time of the break, \$300; electrical supplies, (\$220 for meters); \$27.03; water for boilers, \$30; mill cellulose, \$325.50; deficit of 1911 \$207.63; total, \$11,192.08.

The report from the fire department must separate, yet all the services were sacrificed to the interest of the town. The final vote on the question was unanimous for separation.

The President in her annual address, gave a review of the work in the province, and a glimpse of the movement from the standpoint of world wide aspect.

Careful study shows not the slightest indication of retrogression but a slow, steady, strengthening of the forces of righteousness, the ever growing and more numerous wealth, which makes itself felt in the political life, but the real danger lies, not here, but in the apathy of Christian men and women, who ought to be interested.

In spite of this it is an undisputable fact, that the tide of temperance seems to be definitely rising.

In prefacing his remarks Councillor Broux admitted that he was in the department where no sufficient work had been done or could be made under existing conditions. The water system was a white elephant but as it was on its hands it would be best to make the best of it. His department incurred a loss of \$11,000 at \$500 per month, \$5500 for the water system for Saks. A new contract will be held in October.

This was the last convention in which the two provinces wished to unite in presenting our much esteemed Pres.

Mrs. McKinney with a small token of their love and appreciation of her untiring efforts. A hand bag containing Thirty Dollars (\$30.00) in Gold was presented to her on the last session of convention.

argument that the wells were failing exhibited the washers taken from the valves of the pump and by their inspection showed that a fair test was not given, therefore the argument of the contractor to have a fair test made last year. He contended that the test was made under unfair conditions and with the intention of discrediting the adequacy of the hill supply. A technical argument was offered in response by Councillor Broux which did not add anything to the argument of the contractor according to Mr. Moffatt's views. Late Councillor Brix took full charge of the hill pumping plant, made full charge of the town and the town would stand the expense if the test was satisfactory, to anyone who thought that they could demonstrate that the wells would supply the town. J. M. Saks cited the case of a man who had a pump that water in small quantities but could not stand the pressure of the water which was not consumed and he would not be able to get a good price for it. He asked the contractor to take the pipe line in the condition demanded by the contract. The reply was to the effect that the council had several letters from Mr. Breckinridge in which he admits his liability and the responsibility of the town in getting the pipe line in the condition he wanted. These letters were written as late as August last. But as nothing had been done it had already been discussed and passed in council to proceed with the matter by legal means. It was the opinion of the council that the next step to enter suit would be during the winter so that the case could be heard in the spring.

Councillor Hutton in the spring addressed the council to the spring assessees to the duties the best that was in his power. In reply Dr. Steeves said that the amount of \$700 outstanding on the water bill was practically fresh and would be paid as only about \$100 of the amount was of very long standing. The mayor called attention to the fact that at the same time last year the water bill was \$36,000 and this same sum on hand but this year the total bill was \$37,552.52 and several overdues were on hand. The item for salaries last year was \$315,500 as against \$311,440 for this year.

In prefacing his remarks Councillor Broux admitted that he was in the department where no sufficient work had been done or could be made under existing conditions. The water system was a white elephant but as it was on its hands it would be best to make the best of it. His department incurred a loss of \$11,000 at \$500 per month, \$5500 for the water system for Saks. A new contract will be held in October.

This was the last convention in which the two provinces wished to unite in presenting our much esteemed Pres.

Mrs. McKinney with a small token of their love and appreciation of her untiring efforts. A hand bag containing Thirty Dollars (\$30.00) in Gold was presented to her on the last session of convention.

As this was the last convention in which the two provinces wished to unite in presenting our much esteemed Pres.

Mrs. McKinney with a small token of their love and appreciation of her untiring efforts. A hand bag containing Thirty Dollars (\$30.00) in Gold was presented to her on the last session of convention.

The Epworth League of the Methodist Church arranged with some of the most gifted public speakers to give lectures to deliver lectures at the church. The course of lectures, five in all, are to be given on the following dates: Dec. 10th, January 2nd, January 20th, February 17th and March 17th. The Rev. S. E. Marston, B. A., B. D., pastor of Central Methodist Church, Calgary, delivers the first lecture on the course on Tuesday, Dec. 10th, and has chosen as his theme, "The Contagion of Cheerfulness."

Moreover, the contract to supply and lay the pipe, Breckinridge was to excavate and to cover. The subcontractors were willing to fix the pipe if Breckinridge would dig it up and back fill after repairs are made. Breckinridge refuses and claims non-liability for the failure of the sub-contractor to lay pipes properly. It took ten days after the contractor with the help of the town to lay the pipe and the town to bring in the subcontractors as co-defendants. If the town should do nothing Breckinridge can do nothing with the sub-contractor. If the town enters suit against Breckinridge it makes his suit against the pipe company imperative. Thus the water would be brought to a head and the town would not proceed in bringing Breckinridge to justice at this time. Breckinridge is liable to me against the town. The whole story of the meeting seemed to be that nothing should interfere with an attempt to bring the contractor to time on the pipe line issues.

Councillor James presented the report of his department, that of Flu.

He explained the absence of a proper medical officer due to the fact of the illness of the present medical auditor. He submitted an abstract of the financial situation: Liabilities, bank overdrafts, \$32,203.00; school \$3000; debentures, \$1,500; bills payable, \$3000; total, \$33,703. Assets, uncollected taxes, \$23,730.17; light and water accounts, \$6,300; gas, \$24,814.50.

He referred to the details of the report that the B.O.C. had failed to charge a minimum rate based on the cost to the company if they were to install their own system and anything over the minimum to be charged for a rate around the present one. Mr. Moffatt argued that the operation of the present system was causing the town into debt; even if the piping system was not operating at a loss because the water services could not be extended, the town being so small, to make the revenue pay for the operation. He cited figures \$100.00 for contingent expenses when the water system was to be put in, \$3600 to meet the salary of the engineer, \$1000 for the collection of funds by a former council, \$8000 raised by special deputation to meet Breckinridge claim and install data at Creek, \$3000 of the money to pay on pipeline used for other purposes, \$10000 overdraft at the bank, where had this \$40,100 gone? Mr. Amundsen suggested that the total amount of the water system was \$100,000 and the contractor in placing the pipe line in proper shape should be compensated.

These figures would be necessary in preparing the claim of the town for damage in the suit against the contractor when such was instituted. In a further discussion of this matter Mr. Amundsen in his statement of the number of hours of fears that the hill plant had been pumping. During the emergency the water system was not operating at all and had been used this summer to relieve the pressure on the pipe line. The tank should be used as a stand by supply in fire protection only. He took up again the point of the very depressing effect on any machinery in fire. Here Mr. Moffatt took exception to the statement that wells on the hill were failing or that the supply was not adequate to the town's needs. He gave a statement of the number of hours of fears that the hill plant had been pumping. During the emergency the water system was not operating at all and had been used this summer to relieve the pressure on the pipe line. The tank should be used as a stand by supply in fire protection only. He took up again the point of the very depressing effect on any machinery in fire.

The Ladies' Aid Society of St. Andrew's Presbyterian Church will hold the Eighth Anniversary Supper and Entertainment at the I. O. O. F. Hall, Breckinridge, on December 3rd. The supper will begin at 7:30 p.m. and the entertainment will begin at 8:30 p.m. The feast of good things served by the ladies last year remains still as a pleasant memory and the promise of this year is "better than ever" while the program for the entertainment will be a superior one. The supper and entertainment will cost you 50 cents.

The Livingstone of Victoria, B. C., who has been engaged in organization work for the W. C. T. U. in this province recently, is the guest for a week of Mrs. Jas. McKinney,

Awaiting the Fourth

Please do not forget that the annual Sale of Work and Home-making will be held by the Women's Auxiliary of St. John's Church Wednesday in I. O. O. F. Open House com-mencing at 2 p.m. Tea will be served during the afternoon. A dance will be given in the evening. The tickets will be sold at \$1.00 per person. There is no admission fee. The ladies who are in charge this year will duplicate, at least, the success of the Bazaar of last year. Be sure to mark the date, Wednesday, Dec. 4th.

Entered into Rest

On Saturday afternoon last the body of Muriel Brown was borne by living hands from the home of her parents to the Chisholm Cemetery for interment. Muriel was the eldest daughter of Mr. and Mrs. Richard Brown, living north of Claresholm a few miles. Their daughter, who was 16 years of age, had been for some time suffering from pulmonary tuberculosis and had spent a great deal of time in a vain attempt to recover her health in the Coast and in California in the care of her aunt. Just a few weeks ago she returned to her home and last Thursday, Nov. 21st, her death occurred. An appropriate service was held at the home by Rev. J. M. Harrison of the Methodist Church. floral tributes bore the sympathy of the many friends of the family. The Ladies' Aid Society of St. Andrew's will be offering a rose. Sixty-five young clausines bore her coffin and a very large number of friends attended. The sympathy tendered to the bereaved family was most heartfelt and sincere.

Here For a Week

Mr. W. L. Clark, who will be in Central Methodist Church, Calgary, for the entire week, will visit Claresholm and deliver a series of helpful addresses. Mr. Clark has travelled widely and is well known for his talks to boys and young men. On December 5th he will deliver three addresses on the subjects of Health and Hygiene and Evening and Evening of the Methodist Church. Each weekday, from Monday to Friday, inclusive, he will speak twice. Full announcements will be made next week.

Notice To U. F. A.

A meeting of the U. F. A. will be held in St. John's Parish Hall on Saturday next at 2:30 p.m. Imports and business will be under discussion and it is hoped that every farmer living in this vicinity will be present.

Goldie K. Peck, Secretary.

Do not forget the date, Dec. 10th, Wednesday, the date of the coming of Dr. J. F. Mifflin, the Eye-Specialist.

If the \$35,000 water system was to
burn our fire protection, why
not increase insurance rates, if anything, higher
than before we had this protection?

The remaining \$55,000 uncollected
taxes, in comparison with \$1,500
reported this time last year, cannot
but send the chill creeping down the
spine of the town's financiers.

CLARESHOLM and DISTRICT

Read Dr. Miller's advt., the Eye
Sight Specialist.

Donald Vashon is expected back
next week with about 100 cows and
40 yearling calves, all Ontario stock.

Howard Douglas was down to see
how the work was progressing on the
school building at the Farm last
week.

Mrs. Farmer who has purchased the
building she has been occupying as a
dwelling house, is moving it to her
lots on the east side of the tracks.

Do not fail to see Dr. J. F. Miller,
the Eye-Sight Specialist.

If by discrediting the present water
system could also escape paying
for it as the debentures fall due, that
would be a horse of another color.

If the new bank act which is pro-
posed authorizes the banks to loan
money to the farmers on their grain
and livestock, it will be of far-reaching
importance to the West.

Robert Whitehead returned recently
from a trip to Regina. While there he made the purchase of a new
Ford car and drove it home with him.
He enjoyed the motor trip from Re-
gina very much.

It is always a matter of some diffi-
culty to decide what to give her for
Mother's Day. Gladys has come to the
front with some excellent suggestions
in the gift line. Read her sug-
gestion on another page.

Frank Murray is erecting a baby
elevator on the east of the track in
which he will store his grain for the
time being. The building which is
about 20 by 31 will make a respectable
size warehouse. Fred Palmer
is the contractor.

Corporate Committee will be re-
sponsible by the members of the
Women's Auxiliary at St. John's
Church of England, 11 at a.m. next
Sunday, if the weather is good, in the
Adams Room, Rev. H. M. Henderson
will be the celebrant.

"Bob" Fisher of Vancouver, who was
one of the first to open up a store in
Claresholm, having done business
some years ago in the stand where
Jack Clark now are, was re-visiting
his friends here for a few days
last week. He left here for Pincher
Creek.

It will be of interest to the ladies
to know that Mrs. H. Johnson, who
has been visiting her sister, Mrs. M.
Hillendal, in the Silver Lake area, is
returning to Claresholm for a time longer
and as she is an experienced dressmaker
she is willing to accept orders for
sewing at the homes or dressmaking.
Phone her number 135, or call at the
residence of M. Hillendal and make
appointments.

At the Calgary Poultry Show this
week, in the Silver Laced Wyandot
class, H. B. Tilden won second
with his hen and second with his
cock. In the Buff Orpington and Plymouth
Rock class, got first on the hen
second on the cock, third on the
cockered. W. J. McKenzie won a
3 with his Buff Rock rooster. J. Blair
of Grammon won, in the Partridge
Rock class, first on cock, second on
hen and also pulled and third on
cockered.

A freight train, closely following
the work train out from Claresholm
station north, ran into the caboose
of the work train and derailed it
outside the yards here and drove it
up through one of the bearing ears.
Two of the bearers of the work
train, who were trying to attract
the attention of the engineer of the
following train, jumped and avoided injury.
The going on the other ears
made a hasty exit. It is said that the
engineer was not to the fact that the
engineer of the second freight was
pushing his orders and failed to
notice the slowing down of the train
ahead.

The addition of a frame kitchen to
the building formerly occupied by
Dr. Lewis in an office has been the
source of some comment. The hy-
draulics relating to the erection of frame
buildings within the fire limits has
been practically a dead letter in the
past and a motion is before the council
to modify the by law to permit of
adding such a structure to existing
buildings that will cover just such
cases. How the addition of a small
frame structure would add to the
danger from fire if not obstructing
the firemen in the fighting of a fire in
adjoining buildings is beyond us.

No one suggested that the receipts
from the cemetery should be in-
creased.

If the town could grow an L. C.
collector, Mr. Miller's suggestion
would prove most valuable.

When the "finance minister" arose
the opposition, if any, took to the tall
timbers.

It must be in that unmanned lake out
along the pipe line.

That the C. P. R. would get 28
cent water for four more years,
caused many a sigh last Monday
evening.

Ratemakers Demand Settlement

(Continued from page 1)

the excavation opened again so they
could get at the pipe. Breckinridge
and I wish to continue to do
what we are doing.

The winter was the proper time to enter
and fight out a suit with the con-
tractor.

The town was not on the
verge of bankruptcy. Its affairs
were working out splendidly in spite
of the difficulties to be met and over-
come. It was the unqualified opinion
of council that the people were
financially responsible and solvent
system. He was a believer in the
system and principles of single tax.
He believed in the loyalty of the rate-
payers and that the delinquent taxes
would be mostly forthcoming.

To provide for the bank overdraft and
pay delinquent taxes, the mayor con-
cluded that if 6 mils more were
raised it would be sufficient to meet
the financial obligations of the
township to the bank.

If the new bank act which is pro-
posed authorizes the banks to loan
money to the farmers on their grain
and livestock, it will be of far-reaching
importance to the West.

Mr. Gladys' suggestion as to the
best gift for Mother's Day is that men
should be chosen, men of force, men
big enough to sink the personal
element, men who could forget their
own ambitions in the greater common
interest of all in an absolutely
above selfishness. He has
on our hands a white elephant in the
pipe line but could we find a substitute
for it with the convenience it affords.
He bespokes for his successor the
sympathy and loyalty accorded him
during his term of office.

J. F. Miller spoke warmly of his
personal desire to see Major Holmes
in the chair for 1913. Mr. Amundson
expressed a similar desire. Councilor
Riouy and Hutton, while not
entirely in agreement with the view
of the mayor, were desirous of seeing his
services retained by the town in the
chair. Mr. Brown considered that
this critical time in the affairs of town
Mr. Holmes with a good strong
backing in the 1913 council was the
man for Mayor. This expression of
the wishes of many of the ratepayers
indicates that the present mayor
should offer his services and crystallize
itself in a resolution, moved by Mr.
Brown and seconded by Councilor
Hutton, and carried without dissent.
The meeting then adjourned.

Major Holmes is the champion op-
ponent to those unscrupulous taxes,
which are to be imposed.

Will anyone take the gamble
proposed by Councilor Riouy?

These dilapidated washers, waving
in the air, were a story without
words.

The exhaust from a C. P. R. engine
and the town whale had much in
common.

No one suggested that the receipts
from the cemetery should be in-
creased.

If the town could grow an L. C.
collector, Mr. Miller's suggestion
would prove most valuable.

When the "finance minister" arose
the opposition, if any, took to the tall

A City with 10 miles of Street Railway
The Centre of a Splendid Agricultural Country.
A City which pays out \$200,000 per Month from Industries Alone.

Why Am I Interested?

Because

It has the Smallest Area and the Most Dense Population of any Western City.
Every Lot shown on its Map to-day will be Required for Actual Building in a Reasonable Time.
Eastern Capital is becoming largely interested in the City.
The Railways have large plans for this centre.

WHO SAYS SO?

The C. P. R. Says So---around Lethbridge. By opening up in accordance with their usual policy, lands required in the natural growth of the city. Seven years ago the C. P. R. acquired 300,000 acres of land around Calgary. The result being seen in the great growth of that city. Last March the C. P. R. acquired 300,000 acres of land, the A. R. & I. Railway, the finest Lignite Coal Mines in Canada. What will be the result? Now read what R. B. Bennett says:

R. B. Bennett, K. C., M. P., Calgary, Says---"I have great faith in the future of Lethbridge. I look to see it soon become the city of the province. Coal alone will make Lethbridge a city of from 40,000 to 50,000 in a few years. The C. P. R.'s interests in Western Canada to-day are centered at Winnipeg, Calgary and Lethbridge, in the order named.

In this most promising City, Mitford & Co. are offering some excellent opportunities for good, safe investments, which are being rapidly taken up by the people in the city itself and others outside. Through the Claresholm Realty Co., Mitford & Co., present to the people of Claresholm and district the following properties.

PARKSIDE

Situated just South of Henderson Park---the largest and finest City Park in Western Canada. With its street car connection, beautiful lake and driveways Exhibition Grounds and playgrounds, Henderson Park will become the great summer and winter resort of the city. As a result the finest residential part of the city will be in that vicinity.

DOMINION SQUARE

Is Sold on the Following Representations

- A. That it is high, dry and level and that each lot is a first-class building location.
- B. There is street car service direct to the corner of Thirteenth Street North and Galbraith Street.
- C. Water mains are already laid along the west boundary of Dominion Square on Thirteenth Street North and on the south the water is already connected with Galbraith School.
- D. There is sewer also on the south already to Galbraith School.
- E. Natural gas mains are laid along the west boundary of Dominion Square on Thirteenth Street North.
- F. Telephone and electric light connections extend to Dominion Square.
- G. Adams Park, an improved municipally owned city park faces Dominion Square on Galbraith Street.
- H. Galbraith public school, of which the tendered price is \$55,000, on Galbraith Street, faces Dominion Square.

If at any time up to the date of the last payment under this agreement the party purchasing, shall upon inspection of Dominion Square find that the above representations are false, the vendors hereby agree upon the delivery up of this agreement to be cancelled, to return to the said purchaser the sum of money paid by him on the said property, together with interest at the rate of eight (8) per cent. per annum from the date or dates of said payments.

Milford & Co. will pay railway fare of any bona-fide purchaser to Lethbridge and return for the purpose of inspecting this property.

High River, Nov. 4th, 1912

This is to certify that I purchased half a block of Dominion Square from Milford & Co. one month ago and to-day they have resold two lots at a profit to me of \$630.00.

A. J. CLAYTON.

Witness my hand this 5th day of November, 1912. A. A. BALLACHEY.

Special Attention, Please

Our budget of local news had to take a back seat this week owing to demands upon our space. Amundsen's sale news will be found on page seven. As the sale will end next week on Wednesday, you must take advantage of your opportunity at once. On page five will be found the very interestingly worded announcement of Mizford & Co., Lethbridge, of their latest and best offering in Lethbridge lots. Mr. Bernard of this town is handling their proposition and will give you any information you require concerning this property. On page two is an interesting and timely letter from a farmer which will be worth your attention. Several important business announcements are also to be found on page two. You will note the growth of the business of this paper by the examination of each page of this issue closely. Remember that but three issues will appear before Xmas, so your special announcements to the readers of this paper must be attended to at once.

BUSINESS GETTERS**LOST, FOUND AND FOR SALE**

EXAMINATIONS FREE
QUEEN'S HOTEL
Claresholm

who has visited our town so many times will again return to examine and relieve eyes.

His reputation and acquaintance are sufficient. He needs no comment as your neighbors will tell you of what he has done for them. A quick, decided and nervous, the chief result of eye strain, can easily be relieved. If one is professional in his line.

Should you or your family need glasses do not hesitate to come and see him while he is in town as this is my opportunity.

EXAMINATIONS FREE
QUEEN'S HOTEL
Claresholm

Remember the date
WEDNESDAY, DEC. 11th

Experience has proved the value of frequent examinations. If a few dollars could be diverted from the eyes' joys and used on the bill to put that plant in shape, it would look like a wise move.

**NOTICE**

Sittings of the District Court and of the Provincial Court will be held within the Province of Alberta at Macleod on the dates and at the hours indicated during the year 1931—
